

CIRQUE DU SOLEIL

Mobile Modular sets up seven temporary offices for entertainment giant Cirque du Soleil in one day.

THE CHALLENGE

Cirque Du Soleil America Newco Inc. needed temporary offices for their upcoming show in Atlanta. The offices would accommodate accounting, security, technical personnel, and staff during the 3-month performance. They had limited space available for offices and storage, in an open parking lot where they were setting up “The Big Top”, and requested multiple small buildings to facilitate behind-the-scenes work for their spectacular show.

Customer Name: Cirque du Soleil

Project Location: Atlanta, GA

Building Type(s): Modular Office

Job Type: Lease

Total Sq. Ft.: 3,392 sq. ft.

THE SOLUTION

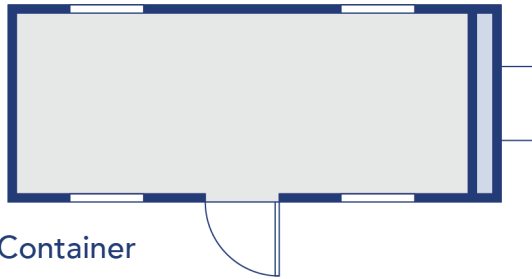

Through continual dialogue, floor plan changes, and pictures of available units, our team worked to create a solution to meet space and time constraints. We set all 7 modules the same day they were delivered to the site: (3) 12×56 two-office units, (2) 12×44 two-office units, and (2) 8×20 on-ground offices with storage.
