

UNIVERSITY OF RICHMOND TEMPORARY HOUSING UNITS

Mobile Modular provided the University of Richmond with a quick and efficient building solution to safely return students to school during COVID-19.

THE CHALLENGE

The challenge presented to Mobile Modular was to build, deliver, and install 150 beds before the students returned to campus. With only 60 days to pull this off, Mobile Modular utilized our team of experts to deliver a safe and effective solution for the University.

THE SOLUTION

Rooms included single occupancy with individual bathrooms, showers, microwaves, mini-fridges, TVs, and high-speed internet to provide the same benefits the students would get in the other housing provided on campus.

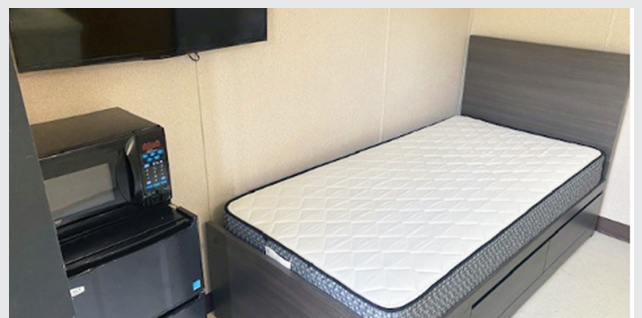

Customer Name: University of Richmond

Project Location: Richmond, VA
