

COVERAGE YOU CAN COUNT ON

Mobile Modular Damage Waiver

We've expanded our comprehensive services to now offer a Damage Waiver on your modular building.

This coverage provides peace of mind when leasing a building in the case of a natural disaster. With a low monthly payment you are covered if your building incurs damage due to natural processes like flooding, fires, tornadoes as well as a 3rd party collision. When Mother Nature has a bad day – we've got you covered!

- **Coverage for most** natural disaster damage and/or accidents cause by external parties.
- **No more multiple payments** by adding damage protection to your monthly bill.
- **Saves you time** by starting when your building arrives on-site and ending when it departs.
- **Deductible is most likely lower** than your existing insurance coverage.
- **No penalty for claims** applied to future rentals.
- **Saves you a price increase** on your current policy after filing a claim.
- **The Damage Waiver is not insurance** and applies only to leased modular buildings.

*Additional terms and deductible apply.
